I, Katie Singer attest that my statements are true to the best of my knowledge.

Comment round for ET Docket No. 03-137 and WT Docket No. 12-357.

1. My name is Katie Singer. My address is PO Box 6574, Santa Fe NM 87502.
2. I am the author of (forth coming) *An Electric Silent Spring: How Electrosmog Effects Health and Wildlife*.
3. and onward. As I understand, The FCC currently stipulates that new electronics and wireless devices may not interfere with existing radio, TV, or Internet broadcasts. No guidelines exist at the FCC, nor the FDA, nor any other government agency that protect biological creatures (people, plants, and animals) from magnetic fields or microwaves emitted by power lines, electronics, wireless devices, or telecomm equipment. I would feel much safer if such guidelines were in fact mandated and respected.

Respectfully submitted by

Katie Singer
